- Onboard customers in seconds
- Full control of payments process
- Pay zero fees on bank transfers
- Improve security with tokenization, Assurety, more
- Updates records on your behalf in real-time
- 100% customer centric

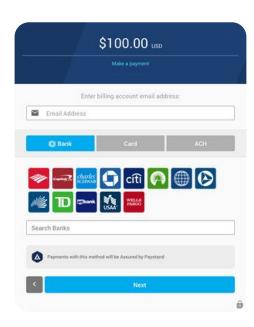

Future vision: seamless digital payments

As the leading digital payment solution for B2B companies, Paystand is trusted by over 160,000 businesses, including more than 150 large enterprise companies serving millions of customers globally.

Paystand allows you to:

- Accept credit cards, debit cards, ACH, and zero-fee bank payments
- Securely store funds on file to decrease late payments, improve compliance, and reduce churn
- Automatically update and reconcile records

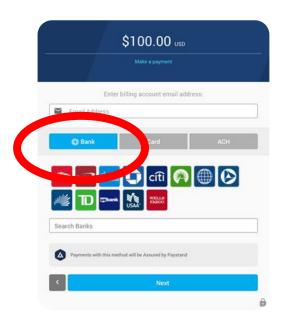

Direct Bank Payments (Paystand Network)

The Paystand Network allows you to move money electronically quickly and easily, without charging you any transaction fees. The network covers over 98% of all commercial bank accounts, so all you have to do is search for your bank and login using your online bank account.

- Enable Autopay and Recurring Invoicing
- Tokenize and store funds on file for later use
- Real-time fund verification for bank accounts
- Real-time payment settlement and tracking
- **Processing time:** 48 hours or less

Credit Card, Debit Card, and ACH

Paystand also supports payment options like credit, debit cards, and ACH. You can now accept Visa, MasterCard, American Express, Discover, Diners Club, and JCB cards. Paystand also comes with invoice recognition and automatic reconciliation out-of-the box, so your records are always up to date.

- Autopay and Recurring Invoicing
- Store funds for later use
- Instant payment approvals
- Real-time payment tracking
- **Processing time:** 2-5 days
