

Bindu Gakhar

Head of Product

Bindu has extensive experience in leading product vision, strategy, and roadmaps, and has delivered best-in-class products and experiences for some of the world's top financial software companies. As a product leader at Boku, Bindu managed a team dedicated to building a superior billing and payment experience. At Intuit, she drove research and prototyping that resulted in the development of the Quicken Health Bill Pay product. And, as the Director of Software Development of Payroll at Xero, Bindu led design, development, and roadmaps for payroll development APIs and international integrations.

Throughout her career, Bindu has used lean testing and experimentation methodologies extensively and has developed unmatched expertise in team building and management. Her specialties include cross-functional leadership across sales, marketing, UX, engineering, and support to ensure successful business developments and rapid user growth.
