

# Scott Campbell

Head of Solutions and  
Co-Founder

Scott has been a product leader and engineer at several groundbreaking organizations in finance and big tech. He served at Google, refining their Local Search product. He helped simplify financial products at Morgan Stanley. He also helped to build dynamic ad insertion into streaming media (in 1999), served as Developer & Lead Network Engineer for the MTV Product Urge and Lead Engineer at Context Web, one of the leading real-time ad exchange solutions. He holds both a BA in Business Administration and BS in Computer Systems from New York University.
